Beggs Cattle Company

Established 1876

"Ewa On One"

By Brian Archer

Port, Texas

E

THE BEGGS FAMILY'S 100-PLUS years in ranching and livestock began in 1876, when George Beggs Sr. settled in what is now Handley, Texas. He leased land in that area and began dealing in cattle and horses. In 1893, Beggs moved his family and business to Fort Worth, and opened a livestock commission and loan business in the Stockyards District.

Beggs' sons, W.D. and John Erin "Crowbar", were ranchers operating as Beggs Brothers. They ranched on leased land in Bluff Dale, Texas, and later moved their operation to Wellington. The senior Beggs' youngest son, George Jr., opened a real estate and insurance office in Fort Worth.

In 1923, the three brothers joined forces to operate the E.D. Farmer Ranch in Parker County, located between Weatherford and Fort Worth.

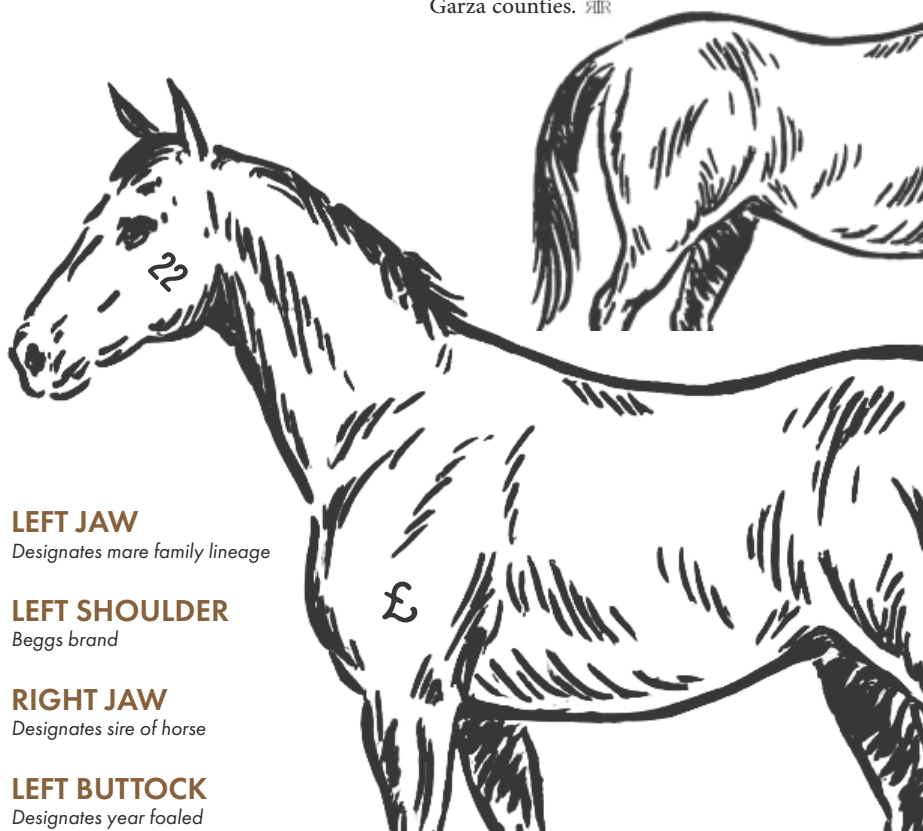

In 1926, they purchased the Pete Scoggins Ranch in Garza and Kent counties. In 1932, the George Beggs Trust purchased the Pursley and Foley Ranches in Dickens, Kent, King, and Stonewall counties. In 1936, the Trust purchased the Farmer Ranch, and these ranches were all operated by Beggs Brothers.

In 1941, Ed Farmer Beggs and George Beggs III started a cattle operation on part of the family's holdings in Dickens and King counties. Beggs Brothers branded their cattle with a lazy 3 on the left hip. The partnership formed by Ed and George wanted to use a brand not previously registered, and their father, having long had ties with Great Britain, suggested the English Pound mark (£).

This new brand met all the requirements, and was registered as the brand for the partnership and later for the Beggs Cattle Company.

In the late 1940s, the Beggs Brothers partnership was dissolved as the original three brothers retired. The third generation, George Beggs III, took over the day-to-day operations, and in 1950 incorporated all the ranches as Beggs Cattle Company.

Today, the Beggs Cattle Company raises commercial cattle and quarter horses. Ed Farmer Beggs II operates the ranches located in Parker County, while his brother, George Beggs IV, manages ranches located in King, Kent, Stonewall, Dickens, and Garza counties.

STRENGTH
ENDURANCE, FAITH

STRENGTH

FAITH

FOR MORE THAN A CENTURY, the 6666 Ranch—widely known as the Four Sixes—has remained a pillar of excellence in the American Quarter Horse industry. Spanning over 266,000 acres in Guthrie, Texas, the ranch has built its reputation on producing horses that exemplify the strength, versatility, and trainability needed for both ranch work and performance arenas. The breeding program is rooted in real-world utility, where horses are raised and tested in an environment that demands both mental and physical durability.

The 6666 broodmare band represents generations of proven genetics, carefully selected for disposition, conformation, cow sense, and performance. These mares are matched with a world-class lineup of stallions, many of which have earned titles and recognition across reining, cutting, cow horse, and ranch versatility events. The result is a program that consistently produces colts with the potential to thrive in demanding ranch settings and competitive disciplines alike.

Beyond the show pen, the Four Sixes continues to influence the industry by staying committed to purpose-driven breeding. Horses born and raised on the ranch are expected to handle daily tasks, navigate rough terrain, and perform with consistency and reliability. This foundation ensures that whether a buyer is seeking a future performer, a reliable using horse, or a breeding prospect, they can trust in the program behind the brand.

The Return to the Remuda Sale is a proud tradition for the 6666 Ranch—a chance to share its legacy and horses with the public alongside a group of equally respected ranches. Each offering from the Four Sixes represents a commitment to quality, backed by decades of experience and a vision for the future of the American Quarter Horse.

PITCHFORK

FROM ALL ACCOUNTS, THE Pitchfork Land and Cattle Company would not exist if it wasn't for Daniel Baldwin Gardner and Eugene Flewellyn Williams, both cousins and life-long friends. They were born in Mississippi in 1851 to plantation-owning families.

In 1871, tales of abundant opportunity in Texas lured Gardner to Fort Griffin, located near present-day Albany. In February of 1877, Gardner was one of 17 men who drafted plans for what was to become one of the most powerful and prestigious livestock organizations in the world, which is known today as the Texas and Southwestern Cattle Raisers Association.

In the summer of 1881, Gardner learned that Jerry Savage, who had been running cattle on the South Wichita River under a Pitchfork brand, was interested in selling land, equipment and stock. Needing capital, Gardner thought of his boyhood friend and cousin, Eugene Williams.

In 1881, Williams journeyed to Fort Worth and after a dinner meeting, announced he was ready to close the deal, without seeing either the land or the cattle. Williams said he was investing in the venture solely because he had the highest regard for his cousin, Dan Gardner. Williams wrote a check and took the night train back to St. Louis.

The property Gardner and Williams purchased included 2,600 longhorn cattle, 70 horses, wagons and camp equipment, but little land. They did obtain rights to the ranch that bordered the South Wichita River in eastern Dickens and western King counties.

Wishing to expand, but lacking capital, the two men found two willing investors from Texas, A.P. Bush, Jr. and Samuel Lazarus and two from St. Louis, A.D. Brown and W. H. Carroll.

In St. Louis on December 29, 1883, the partners gathered to adopt the by-laws and elect officers of the newly formed corporation known as the Pitchfork Land and Cattle Company. Gardner was

chosen to be general manager, a position he held until his death in June of 1928. Six managers have filled the vacancy left by Gardner. These included Rudolph Swenson, Virgil Parr, D. Burns, Jim Humphreys and Bob Moorhouse. Today, the ranch is managed by Brooks Hodges. The Pitchfork Land and Cattle Company stretches some 175,000 acres

in two west Texas counties and acreage in Waurika, Oklahoma known as the Pitchfork OK Ranch. The descendants of Eugene Williams continue to operate the 142-year-old ranch in the same conservative manner as did the ranch's founders.

TONGUE RIVER RANCH

AMONG THE ROLLING HILLS of the West Texas Plains, Tongue River Ranch headquarters sits atop a vantage point of green pastures, red dirt bluffs, wildlife, and fine horses. Much of the Dumont, Texas, ranch and its practices are like that of 100 years ago, with advancements in cattle and equine genetics.

The ranch's history dates back to 1898 when Eric and Albin Swenson purchased the 79,000-acre Scab 8 ranch of King, Cottle, Motley and Dickens counties in Texas. The brothers named it Tongue River Ranch because of its

location on the Tongue (South Pease) River. "Tongue" was a reference to black tongue, a 19th century disease that wiped out many buffalo in the region. Different Native tribes in the area called the river "River of Many Tongues," which was later shortened to Tongue River, according to regional folklore.

In 1997, Millard Morris purchased the ranch at its current size of 89,000 acres. Morris has kept the old west, historical feel of the ranch with twisted timber porches, traditional cattle working/cowboying practices, and has added modern facilities.

Tongue River continues to boast its fine horse program, focused on raising horses that can be used from the show pen to the rodeo, to a full day of ranch work. After the passing of the esteemed stallion PEPCID in 2024, Tongue River continues to build on his legacy, with his offspring's LTE nearing the \$1 million mark.

In May, Tongue River debuted TRR FULL THROTTLE, a four-year-old stallion by PEPCID in the show pen. TRR FULL THROTTLE (PEPCID X TRR PLAYGUN SHOWGIRL) was named reserve champion at the Ranch Horse Association of America's National Finals in the Ranch Hand class in Abilene, Texas.

At the Celebration of Champions in Fort Worth in January, Tongue River stallion SOUTH WICHITA (BET HESA CAT x GINS LAST, by TAN-QUERY GIN) won the Cowboy Class during the National Reined Cow Horse Association horse show.

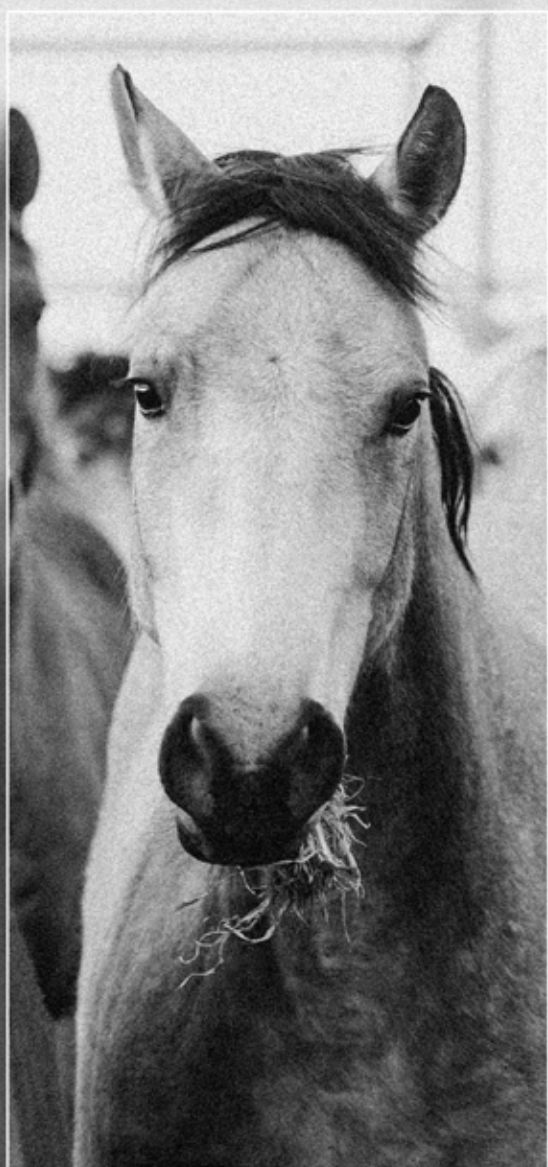

In 2011, Tongue River Ranch earned the AQHA Best of Remuda. The ranch's horse program has continued to advance since then with many Tongue River Ranch horses earning top awards from ranch rodeos to the ranch horse competitions, to the PRCA to the NFR. Tongue River Ranch horses and teams have been competing in ranch rodeos for 25 years.

Tongue River Ranch Quarter Horses have helped the ranch rodeo team qualify for 13 WRCA finals and Tongue River horses have earned top honors during those rodeos. TRR horses have also received Champion and Reserve Champion titles at the RHAA National finals held in Abilene. TRR horses have been recognized for their achievements including TRR MS PEPCID OLE-NA, named the 2016 AQHA Leading NRCHA Dam of the Year. Tongue River touts an award-winning mare line including Peptos Stylish Sue who won the 2008 NCHA Summer Spectacular Open Derby Champion.

The Ranch has received an exemplary number of Top Horse Awards in the three largest and most recognized Ranch Rodeos in Texas: the Fort Worth Stock Show and Rodeo, the Texas Ranch Roundup in Wichita Falls, and the Western Heritage Classic in Abilene.

Tongue River Ranch horses and horses sired by our stallions have had much success in recent years as well. In 2023, our ranch stallion CR TUFF BE GREYT was The Run For A Million Cowboy Invitational Reserve Champion. TRR FRECKLES HOLIDOC (sired by PEPCID) and PRCA heeler Logan Medlin won the Top Horse award at the Bob Feist Invitational. The pair also have found success at the National Finals Rodeo. At the 2023 NFR, TRR BIG HUSTLER (sired by TRR BIG IRON) made his debut with heeler Paul Eaves.

KING RANCH[®]

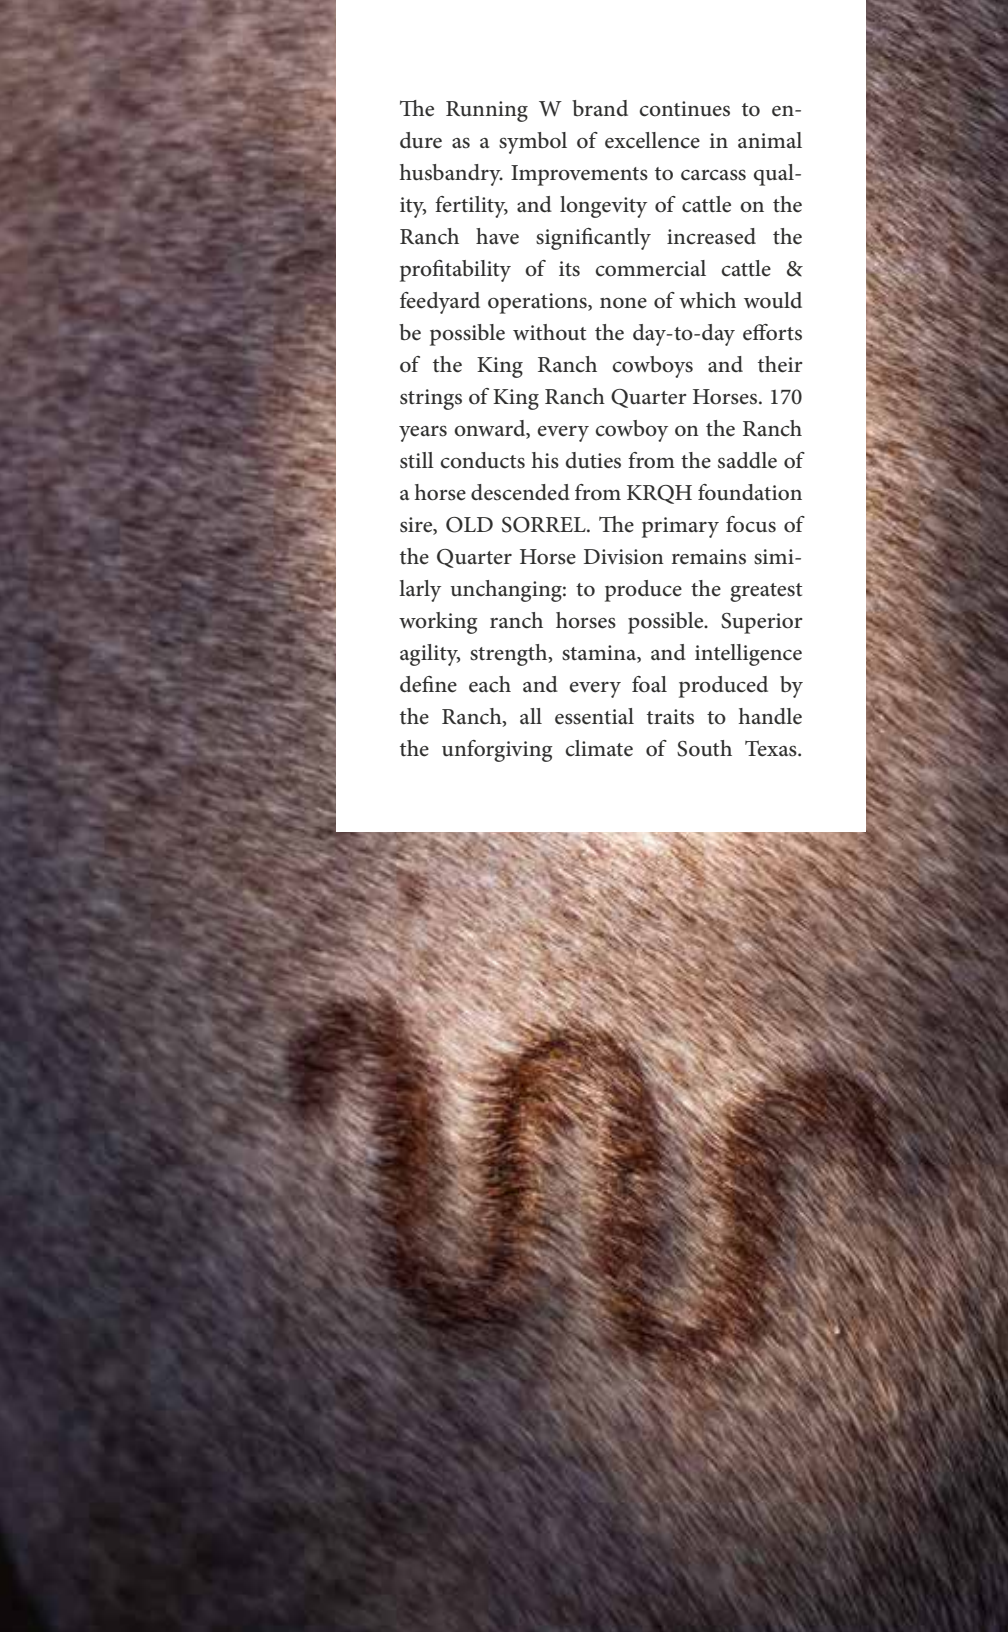

A man with a beard and a wide-brimmed hat is riding a dark horse through sand dunes. The horse is in motion, kicking up sand. The background shows rolling sand dunes under a clear sky.

IN 1853, CAPTAIN RICHARD King founded a modest cow camp along Santa Gertrudis Creek, in the Wild Horse Desert of South Texas.

Eight generations onward, by the un-wavering dedication of the King Ranch family & loyal Kineños, this cow camp grew to become one the largest and most respected agricultural operations in the United States.

Today, King Ranch spans 825,000 acres across South Texas, where focus is given to livestock, wildlife and row crop farming operations. In addition to it's traditional ranching enterprise, the King Ranch portfolio consists of diversified agriculture interests in farming, technology, re-tail, machinery licensing, cattle feeding and more.

The horse's coat is a mix of brown and black, with the brand mark being a darker shade of brown. The background is a white rectangular area containing text.

The Running W brand continues to endure as a symbol of excellence in animal husbandry. Improvements to carcass quality, fertility, and longevity of cattle on the Ranch have significantly increased the profitability of its commercial cattle & feedyard operations, none of which would be possible without the day-to-day efforts of the King Ranch cowboys and their strings of King Ranch Quarter Horses. 170 years onward, every cowboy on the Ranch still conducts his duties from the saddle of a horse descended from KRQH foundation sire, OLD SORREL. The primary focus of the Quarter Horse Division remains similarly unchanging: to produce the greatest working ranch horses possible. Superior agility, strength, stamina, and intelligence define each and every foal produced by the Ranch, all essential traits to handle the unforgiving climate of South Texas.

The descendants of Old Sorrel *remain among the most renowned* *champions in the history of the AQHA*

The men & women who have led the King Ranch Quarter Horse program over the years knew also that maintaining such rigorous genetic standards would produce competitors in the showpen. The descendants of Old Sorrel remain among the most renowned champions in the history of the AQHA: WIMPY, REY DEL RANCHO, MR. SAN PEPPY, and PEPPY SAN BADGER.

In 2013, the King Ranch Quarter Horse program implemented a new, strategic approach designed to build upon practices refined by generations of master horsemen on the Ranch, and to rein-

force its foundation bloodlines. These results became quickly known upon the 2021 victory of junior sire CORONEL DEL RANCHO in the AQHA World Championship, along with appearances in The Run for a Million Cowboy class 2022-2024, ridden by Division Manager Lee Roy Montalvo.

At this year's Return to the Remuda Sale, select members from a new generation of King Ranch Quarter Horses are proudly available for purchase, all blending our storied, time-honored traditions with similarly longstanding values of pursuing quality through modern innovation.

WAGONHOUND

Douglas, Wyoming

WAGONHOUND LAND & LIVESTOCK is built on a foundation of history, hard work, and deep respect for the land. Located along the eastern edge of Wyoming's Rocky Mountains, the ranch spans over 300,000 acres across the Laramie Range, ranging from 5,000 to 9,000 feet in elevation. Its name—and its brand—pay homage to Wagon Hound Creek, a landmark of the pioneer era where broken wagon hounds marked the grit of those passing through.

Today, Wagonhound is a progressive, multi-division operation committed to excellence in everything it does—from raising livestock and growing premium feed to breeding elite Quarter Horses and managing wildlife with integrity.

Under the direction of Dustin Ewing, Wagonhound's Horse Division produces versatile, high-performance horses rooted in proven bloodlines. These horses are bred for athleticism, soundness, and ranch-ready intelligence. In 2018, the program was honored with the AQHA Best of the Remuda Award, one of the industry's most prestigious distinctions. Through the years Wagonhound has bred more than 750 foals, with 219 of them entering the performance horse arena and earning more than \$5.5 million dollars (an average earnings of \$25,350), 1128 AQHA points and 4 AQHA World Championships. In 2025 the ranch was recognized by NRCHA as a \$2 Million Dollar Breeder.

WR THIS CATS SMART

— A \$20 Million Dollar Sire and one of the industry's most influential sires of cow horses. Known for producing intelligent, athletic, and trainable offspring, "WR" has left a powerful legacy in cutting, reined cow horse, and ranch versatility events. Although Wagonhound lost the stallion in 2022, his influence will be seen in the show pen and on working ranches across the country for generations to come.

FIDDLE AND STEEL —A son of

Metallic Cat, Fiddle And Steel was an NCHA Non-Pro Futurity Champion, NCHA Non-Pro Horse of the Year, and NCHA Super Stakes Non-Pro Derby Champion, earning \$203,508. This young stallion

is carrying the torch forward with strength, style, and substance. With a pedigree packed with performance and powerful physical presence, his first foal crops, born in 2023, are already making a name for themselves with their athleticism, intelligence, and a strong work ethic. All qualities that reflect Wagonhound's commitment to the future of the breed.

With a base herd of 5,000 Red Angus cows, the ranch prioritizes maternal strength, consistency, and carcass quality. All breeding is done with long-term sustainability in mind, using elite sires and in-herd replacements to maintain genetic integrity and productivity. The operation is fully integrated with a feedlot, that holds 10,000 head of cattle, and precision farming for efficient resource use and premium beef output.

The farming operation is the backbone of the ranch's self-sustaining model. With 40 center pivots irrigating nearly 5,000 acres, the farm produces more than 20,000 tons of alfalfa annually, along with rotational crops like corn silage, barley, and oats. Much of the forage supports on-site livestock, while top-quality hay is shipped to dairies and equine programs nationwide.

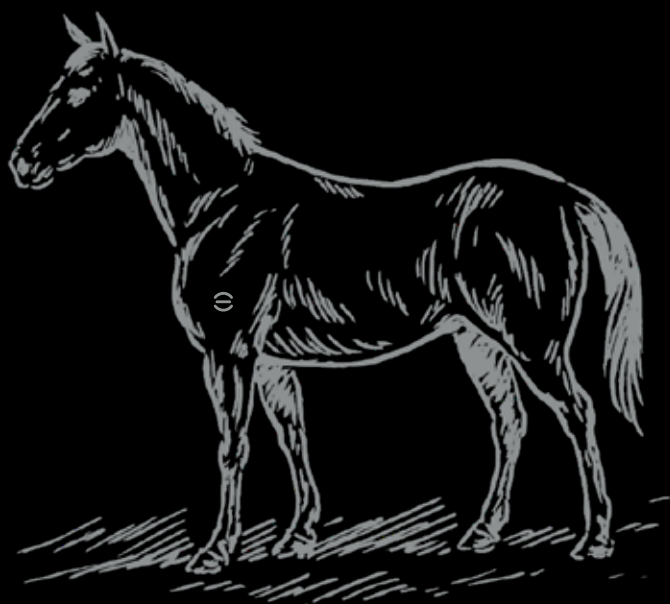

Managed by licensed outfitter Dax McCarty, Wagonhound's outfitting program offers premium guided hunts for elk, deer, antelope, bear, and more. It's not just a sporting experience—it's an extension of the ranch's long-standing commitment to wildlife conservation and responsible land management.

Experience Wagonhound through Reid Creek Lodge—an invitation to immerse yourself in the untamed beauty of the Wyoming mountains. Tucked deep in the Laramie Range, this secluded retreat offers an authentic connection to the American West, where the only boundaries are the ones, you imagine. The 8,000-square-foot lodge features seven elegantly appointed bedrooms and comfortably hosts up to 22 guests, blending rustic charm with refined comfort. PHOTOGRAPH BY JIMMY HARRIS

The Return to the Remuda Sale, hosted annually at the historic Four Sixes Ranch in Guthrie, Texas, has become one of the most anticipated events in the Western industry.

Now in its second decade, the sale unites six ranches recognized with the AQHA Best Remuda Award to offer horses that embody proven genetics, versatility, and a tradition of excellence. From weanlings and started prospects to seasoned ranch geldings and broodmares, every horse represents generations of careful breeding and decades of ranching experience. Buyers know that when they invest in a Return to the Remuda horse, they are investing in bloodlines and training programs that are tested every day on working ranches and in the arena.

In 2024, the sale celebrated its 25th anniversary with record-breaking numbers—148 horses sold for a combined \$3.33 million. Building on that momentum, the 2025 sale promises a fresh new look and an enhanced weekend experience. Guests will enjoy ranch horse demonstrations, roping exhibitions, a stallion parade, and an AQHA benefit auction, alongside the opportunity to purchase from the most respected ranch horse programs in the nation. More than just a sale, Return to the Remuda is a celebration of Western heritage and the living legacy of the American Quarter Horse.

RANCHING HERITAGE BREEDERS PROGRAM

Ranching Heritage Breeders are AQHA member-owned ranches and individuals who represent longevity, honesty and integrity in raising quality American Quarter Horses and uphold ranching heritage traditions.

Ranching Heritage Breeders must breed and register at least five foals annually and must maintain a remuda of horses used to operate a working cattle operation. The ranch also must have received an AQHA 10-year breeder award to be eligible for the program.

Ranching Heritage Breeders support the Young Horse Development program by donating weanlings and/or offering for sale to members of the American Quarter Horse Youth Association. Youth train and keep these horses, which builds a lifelong passion for the American Quarter Horse.

Ranching Heritage Breeders also can earn cash awards and recognition for their horses competing in 20 events across the country with the Top RHB Horse Award. Owners and Breeders also are presented a cash award.

The horses that come from Ranching Heritage Breeders uphold the tradition and heritage of the working cattle ranch and when horses are purchased from a Ranching Heritage Breeder, that great tradition continues.

AQHA RANCHING HERITAGE CHALLENGE

An exclusive opportunity for Ranching Heritage bred-horses, the AQHA Ranching Heritage Challenge is a way to showcase ranch-bred American Quarter Horses.

The Challenges offer multiple divisions for various ages and skill levels for both horse and rider. Classes include working ranch horse, ranch riding, heading, heeling, steer stopping, breakaway, barrel racing, and ranch cutting.

To be eligible, horses must have been bred by a Ranching Heritage Breeder, plus all payments – weanling, yearling, 2-year-old and 3-year-old – must be complete in order to compete. Those payments also generate the purses for Ranching Heritage Challenge events. Horses that compete in a Ranching Heritage Challenge qualify for the RHC Finals.

For more information about AQHA's ranching programs, including a list of Ranching Heritage Breeders, an application to become Ranching Heritage Breeder, Top RHB Horse Award winners and Ranching Heritage Challenge information, visit aqha.com/ranching.
